

Danielle Matton

Denver, Colorado | 503-347-8432 | danimatton@gmail.com
Github: dlynnea | Medium: [@danimatton](#) | LinkedIn: [danielle-matton](#)

Full-Stack Software Engineer, experienced in Ruby on Rails and JavaScript based programming with a background in human physiology and customer relations. Led to web development by my interest in combining design and innovation with logic. Creative problem solver with project management skills and a systems mentality, which I enjoy applying to web-based challenges. Passionate in all things travel, creative and curation.

TECHNICAL SKILLS

Ruby, Rails, Javascript, React, Redux, Node, Express, Socket.io, Python, Django, SQL, Scrapy, HTML, CSS, Sass

TECHNICAL PROJECTS

DotJoin <https://github.com/dlynnea/dot-join> | <https://www.youtube.com/watch?v=ouZbZoGQQgE>

Social media application enabling interaction via profiles, posts, comments and likes

- Node backend, utilizing Express.js framework for accessible functions and routing the application
- React frontend using hooks and React-Redux for state management, Media Queries for responsive layout
- Incorporated JSON Web Token Authentication system, OAuth, for user login and registration

Curator <https://github.com/dlynnea/curator-frontend> | <https://www.youtube.com/watch?v=O85wQKoOqBA>

Content aggregator with mainstream, tech, travel & science news, & photography for daily inspiration

- Utilized a Ruby on Rails backend, React frontend with Redux and the Redux-saga middleware library
- Used the Scrapy Python Framework to create web-crawlers, exporting the data into CSV files
- Incorporated JSON Web Token Authentication system, OAuth, for user login and registration

Craft Chat <https://github.com/dlynnea/chatroom> | <https://www.youtube.com/watch?v=EHxBDVMwflc>

Chat room for interaction based on interests and hobbies

- Utilized the socket.io library to create real-time, event-based communication via WebSockets
- Node and Express.js server, JavaScript client and CSS utilizing Media Queries to create a responsive design
